After 1st Debate, Clinton Tip-Toes 1 Point Further Ahead of Trump in CA; Sanchez Closes-In on Harris for Senate; Recreational Marijuana Ballot Proposition Clings to Narrow Advantage, 40 Days till Votes Are Counted, 11 Days Until Early Voting Begins:

Hillary Clinton's lead in California has increased ever-so-slightly in the 3 days immediately following the first Presidential debate, according to a SurveyUSA pre-election tracking poll conducted for KABC-TV Los Angeles, KPIX-TV San Francisco, KGTV-TV San Diego, and KFSN-TV Fresno.

Clinton today leads Trump by 26 points in California, 59% to 33%, with Libertarian Gary Johnson at 3% and Green Party candidate Jill Stein at 2%. Compared to an identical SurveyUSA poll 3 weeks ago, Clinton is up 2 points, Trump is up 1 point.

Clinton today leads by 35 points among all women (up 5 points from 3 weeks ago), leads by 28 points among suburban moms (unchanged), and leads by 52 points among single moms (unchanged). Clinton leads by 14 points among white voters, by 4 points among Asian American voters, by 50 points among Latino voters, and by 71 points among African American voters.Clinton leads by 39 points among 1st-generation Californians (those whose parents were born in another country). Clinton holds 96% of the Democratic base, Trump holds 81% of the Republican base. Independents break for Clinton by 7 points. Moderates break for Clinton by 34 points.

Trump leads Clinton by 5 points among gun owners. Trump leads by 24 points in the Inland Empire. The candidates run even in Central CA, but Clinton leads 2:1 in Greater Los Angeles and 3:1 in the Bay Area. Clinton leads by 54 points among Catholics. Clinton leads by 34 points in union households. Of those voting for Trump, 64% do so enthusiastically. Of those voting for Clinton, 71% do so enthusiastically. Of those voting for Trump, 43% say they are voting "against Clinton." Of those voting for Clinton, 25% say they are voting "against Trump."

In an election today for United States Senator from CA, to replace retiring Democrat Barbara Boxer, Democrat Kamala Harris leads Democrat Loretta Sanchez, 40% to 29%. Compared to an identical SurveyUSA poll 3 weeks ago, Harris is down 4 points, Sanchez is up 2 points, a 6-point swing towards Sanchez. Harris leads by 13 points among white voters, by 57 points among African American voters and by 19 points among Asian Americans. Sanchez leads by 6 points among California's Latinos. Sanchez leads by 10 points among Republicans (there is no Republican on the ballot for U.S. Senate in 2016), Harris leads by 23 points among Democrats.

Sanchez leads among lower-income voters, among high-school educated voters, among rural voters, among voters who have lived in California less than 10 years, and among smokers. Those who voted for Carly Fiorina for Senate in 2010 back Sanchez by 8 points in 2016. Those who voted for Boxer in 2010 back Harris by 30 points.

Ballot Measures:

* Proposition 56, which would increase the tax on cigarettes to $2 per pack, is favored to pass 61% to 33%.
* Proposition 62, which would end the death penalty in CA and replace it with life in prison, trails by 15 points today and is headed for defeat.
* Proposition 63, which outlaws large-capacity magazines and requires background checks on ammo purchases, leads by more than 2:1 and will pass.
* Proposition 64, which would legalize, regulate and tax recreational marijuana, is supported 52% to 41%. Caution advised.

Statewide Favorability Ratings:

* President Obama is viewed extremely favorably by 36% of CA voters, extremely unfavorably by 23%.
* Trump is viewed extremely favorably by 14% of CA voters, extremely unfavorably by 51%. * Clinton is viewed extremely favorably by 24% of CA voters, extremely unfavorably by 31%.
* Governor Jerry Brown is viewed extremely favorably by 14% of CA voters, extremely unfavorably by 18%.
* Dianne Feinstein is viewed extremely favorably by 14% of CA voters, extremely unfavorably by 18%.
* Boxer is viewed extremely favorably by 13% of CA voters, extremely unfavorably by 23%.

Context and Methodology:

SurveyUSA interviewed 900 state of California adults 09/27/16 and 09/28/16. All interviews were conducted after the first Presidential debate on 09/26/16. Of the adults, 817 were registered to vote. Of the registered, 732 were determined by SurveyUSA to be likely to vote in the 11/08/16 general election. Of registered voters, 2% tell SurveyUSA they almost always vote in a Presidential election but will not vote in 2016 because they do not like any of the candidates. 5% of voters tell SurveyUSA they almost never vote in Presidential elections but will vote in 2016 because they are particularly drawn to one of the candidates. The survey was conducted using blended sample, mixed mode. Respondents reachable on their home telephones (60% of likely voters) were interviewed on their home telephones in the recorded voice of a professional announcer. Respondents not reachable on a home telephone (40% of likely voters) were shown a questionnaire on the screen of their smartphone, tablet or other electronic device. Polling ballot measures and citizen initiatives is an inexact science. In general, having nothing to do with California specifically and having nothing to do with 2016 uniquely, opposition to a ballot measure increases as Election Day approaches. Rarely does support for a ballot measure increase over time. It is likely that opposition to Propositions 56, 62, 63 and 64 will increase once early voting begins on 10/10/16. This may alter the calculus on recreational marijuana Proposition 64, which today has the most fragile advantage of those measures tested. Barack Obama carried California by 23 points in 2012 and by 24 points in 2008.

Results of SurveyUSA Election Poll #23178

1 California will elect a President on Tuesday, November 8. Please listen to these 5 statements and tell me which ONE statement best describes you:
One: I always vote in Presidential elections, and will definitely vote in this year's presidential election.
Two: I always vote in Presidential elections, but this year, I do not like the candidates, so I will not vote in the presidential election this year.
Three: I'm not sure yet whether I will or will not vote this year.
Four: I rarely vote in Presidential elections, but this year I will go out of my way to vote.
Five: I don't vote in Presidential elections, and I won't vote this year.

13 Proposition 63 is known as the Firearms and Ammunition Sales Initiative. A YES vote would require persons who want to buy ammunition to pass a background check with the California Department of Justice. And Proposition 63 would make it against the law to possess large-capacity ammunition containers, known as magazines. Will you vote YES on 63, to require background checks on ammo purchases and to make large-capacity magazines illegal? Or will you vote NO on 63, which would leave the existing system in place?

14 Currently, medical marijuana is legal in California, but recreational marijuana is not. Proposition 64 would legalize and tax the recreational use of marijuana. Will you vote YES on Proposition 64, which would legalize the recreational use of marijuana by adults age 21 and older, and which would license, regulate and tax the marijuana industry? Or, will you vote NO on 64, which would keep state laws as they now are?

Statement of Methodology: SurveyUSA is an independent, non-partisan, apolitical research company that conducts opinion surveys for media, academic institutions, commercial clients, non-profits, governments, agencies and elected officials. SurveyUSA opinion research is conducted using a methodology optimized for each particular project. In some cases, this means data is collected 100% by telephone, in some cases, 100% online, and in other cases a blend of the two. For those projects that are conducted "mixed-mode" (or "multi-mode"): Respondents who have a home (landline) telephone are interviewed by phone, sometimes using live interviewers, other times using the recorded voice of a professional announcer. The youngest male is requested on approximately 30% of calls to home phones, the youngest adult is requested on approximately 70% of calls. This method of intra-household selection reduces the potential for age and gender imbalance in the unweighted sample. Re-attempts are made to busy signals, no-answers and answering machines. For surveys using random-digit-dial (RDD) to call landline phones, sample is purchased from SSI of Shelton CT. For surveys using voter-list (RBS) sample to call landline phones, sample is purchased from Aristotle of Washington DC. Respondents who do not use a home telephone are interviewed on an electronic device, which means, for some projects, that call-center employees hand-dial cell phones and interview respondents verbally on the respondent's cell phone, and means, for other projects, that SurveyUSA displays the questions visually on the respondent's phone, tablet, or other device. Sample for respondents who do not use a home telephone is purchased from SSI, from Aristotle, or from one of several other research companies that provide access to cell respondents. Where meaningful, SurveyUSA indicates the percentage of respondents who use a home phone and the percentage who do not, and crosstabs by this distinction. If sample of adults is drawn from SSI, responses are minimally weighted to U.S. Census targets for gender, age and race. If sample of voters is drawn from Aristotle, responses are minimally weighted to the known demographics of the voter file, which include gender and age but, typically, not race. Target (cell) weighting is used. On questionnaires that ask about political party identification, SurveyUSA may or may not weight to Party ID, depending on client preference. Where necessary, questions and answer choices are rotated to prevent order bias, recency and latency effects. On some studies, certain populations are over-sampled, so that the number of unweighted respondents exceeds the number of weighted respondents. Each individual SurveyUSA release contains the date(s) on which interviews are conducted and a release date. If interviewing for a particular study is conducted in Spanish, or in any other foreign language, it will be noted on the specific release. If no notation appears, interviews are conducted in English. Where respondents are filtered, such as adults, filtered to registered voters, in turn filtered to likely voters, SurveyUSA describes the filtering on the specific release. On pre-election polls in geographies with early voting, SurveyUSA differentiates between respondents who have already voted and those who are likely to vote but have not yet done so. SurveyUSA assigns to each question within the instrument a theoretical margin of sampling error, but such error is useful only in theory. Though commonly cited in the presentation of research results, "sampling error" is only one of many types of error that may influence the outcome of an opinion research study. More practical concerns include the way in which questions are worded and ordered, the inability to contact some, the refusal of others to be interviewed, and the difficulty of translating each questionnaire into all possible languages and dialects. Non-sampling errors cannot be quantified. This statement conforms to the principals of disclosure as recommended by the National Council on Public Polls (NCPP). Questions about SurveyUSA research can be addressed to editor@surveyusa.com.
